High school senior interested in physics, math, programming, and music. Pursuing Quantum Information Science and Computational Physics at MIT class of 2029.

Education

I am a senior at Greely High school (Class of 2025) who has taken college-level courses such as Calculus B, Calculus C, Linear Algebra, Discrete Math, and Ethics.

AP classes include AP Physics C Mechanics: 5, AP Calculus BC: 5, AP Biology: 5, AP Language and Composition: 5.

AP Statistics, AP Physics C Electricity and Magnetism, IB Latin IV in progress

Experience

- **Author** | *Quantum Mechanics for Kids: a Humorous, Easy-to-Read, Math-Free Book on a Very Perplexing Subject* | 2019 | [Goodreads](#)
- **Wolfram Summer Research Program** | *Novel Minimal Universal Classical and Quantum Gates* | 2024 | [Project](#) | [Paper](#)
- **Wolfram Emerging Leaders Program** | Year-long intense mathematical research on a student team studying functional roots | 2024–2025 | [Project](#)
- **Programming Adventures** | Weekly collaborative think-tank sessions, assisting in solving problems in topics such as neural networks and recursive functions.
- **World Science Scholar** | Completed two years of challenging coursework in topics such as general relativity, computational analysis, and evolutionary medicine | 2021–2024
- **MIT Beaverworks Summer Institute** | Quantum Software | 2023 | [Presentation](#)
- **University of Waterloo Quantum School for Young Students** | 2021

Awards and Honors

- **Nonfiction Authors Association Book Award** | Silver Medal | 2019
- **Rise for the World** | Global Finalist | for Creating STEM Communication Videos | 2023
- **XVII Golden Key International Piano Composition Competition** | [“For Lewiston”](#) | 2023
- **Samsung Solve for Tomorrow Challenge** | 1st in Maine | Treating water for PFAS chemicals | 2023
